1. Lloyd- failure

February 14

Chen laughed
>"Only one can remain!" He cried. I yelped and attemptes to dodge but I couldn't. All of the elements hit me at once. I was thrown back. Shards of ice and other elements pierced my skin. Slowly blood trickeld out of my chest. Chen cackled sinisterly. I managed to sit up.
"You... You... Won't... Get away... With this." I said, my voice nothing more than a whisper.
>"I already have!" He said, giggling. He pranced out of the room. I tried again to summon a green ball of energy but I just collapsed. Kai walked in, a smug look on his now unfamiliar face. He saw me and his face fell. He ran to me.
"Oh, Lloyd! I am so sorry! This is all my fault." The red ninja pulled up my shirt. I made the mistake of glancing at my wound. Blood **.** That's all I saw. I undignified yelp escaped my cold, dry lips.
>"Shh... Shh..." Kai said he attempted to stop the bleeding
"Kai... N.. No use... I won't.. Live... We both... Know... I..it.." Kai cupped my face in his warm hands bringing a little life into my cold checks.
>"Don't talk like that Lloyd!" He said rushing his words. Like he was afraid I would die before he could finish his sentence. That was a possibility.<p>

Kai POV

I ruffled my baby brother's soft blonde hair. Everything Lloyd and I endured flashed before my eyes. I remembered holding Lloyd's delicate

body close to mine. And I remembered watching his fight against the overlord. I stared at Lloyd's beautiful emerald green eyes. I scooped him up in my arms and took him to his father not caring if anybody saw me. When Garmadon saw his precious son, lying limp in my arms, his jaw dropped open.
>"Son? What happened?" I placed Lloyd in Garmadon's lap. The old man pushed Lloyd's hair out of his face.
"Chen... I Wasn't strong... E...enough to fight... Him...I failed you... Sorry." Garmadon shook his head violently.
>"Shh... You didn't fail me just hold on." Lloyd responded with a sad smile.
"Tell... Mom... Sensei and Nya I say... goodbye and Jay... Zane and Cole. Shame I can't... Tell them myself." Lloyd was becoming paler by the minute.
>"Wait!" I cried, as if that would stop Lloyd's death. I looked at my best friend's bueatiful emerald eyes.
"Will you be my valentine?" I asked. The green ninja responded with a quiet yes. Doing his best to smile. Just as the words left his lips, life left his body. Garmadon didn't fight the tears that came, he let them freely flow down his face. So did I.
>"Goodbye.". We both whispered together.<p>

2. Kai and skylar- love lasts forever

p dir="ltr" style="font-family: UICTFontTextStyleTallBody; font-size: 17px; -webkit-text-size-adjust: auto;"I stared into Skylar's electric blue eyes. They were beautiful and were impossible not to notice as they popped against her strawberry hair. She was wearing a short yellow dress and her hair was adorned with sunny flowers. We stood at the entrance of Mega Monster Amusement Park to get our wristbands. br /"Kai, thanks for bringing me here! We haven't seen each other scince the tournament and I missed you so much!". She said. Her cheeks as red as her hair. I got two wristbands and we headed off to have fun. br /"Where do you wanna go?" I asked my girlfriend. She gave a snorting laugh which I found /"How about the haunted house" She said, making air quotes around the word haunted. br /"Sure!"I said. Line was short due to fact that the ride was terrible. We both took a seat in the back of the cart. The ride chugged along into a dark tunnel, ominous music playing over the loudspeakers. We entered a hall with skeletons hanging over the wall. Sky leaned in for a kiss but before our lips could touch a scream of pure terror rang through the hall, echoing wildly. We both jolted /"W-what?" Skylar /I leaped out of the carts, Skylar not far behind. At the front of the long chain of carts was a ghost, specifically soul Archer. He saw us and lunged toward us. I was wedged between the concrete decoration and the cart. He thrust his sword out and I closed my eyes preparing for impact. It never came. I opened one eye. Sky was on the ground, her chest bloody. br /"No!" I wailed. Sky gave a soft smile. br /"Don't... Grieve... Over me Kai... I love you... Ever so much... Just don't forget me." Tears spilled down my cheeks. br /"love you sky!" I whispered I leaned down and kissed her and under my lips, hers turned ice cold. br /"I love you." I whispered once more. br /"And love lasts forever.". I said, my voice barely audible./p
